## REAL ESTATE RECAPITULATION -- JANUARY 1, 2010

---

Each year, the Real Estate Assessor provides a calculation of what the real property tax rate would be if it were adjusted to maintain revenues after revaluation of existing properties. This information is provided to the City Council as an indicator of the increase in property valuations. Information on this calculation for the FY 2010-11 tax year is provided below.

### Statement of Changes in Assessments Required by Code of Virginia Title §58.1-3321

**Assessment Change** is the change in the total assessed value of real property, excluding additional assessments due to new construction or improvements to property, over the previous year's total assessed value of real property.

**Rate Change Necessary to Offset Assessment Change** is the tax rate which would levy the same amount of real estate tax as last year, when multiplied by the new total assessed value of real estate with the exclusions mentioned above.

**Effective Tax Rate** is the difference between the Assessed tax rate and the current rate used in the budget.

January 1, 2010 Total Taxable Assessed Value:	\$	23,230,764,594
Allowable Adjustments (Construction, Land Development and Rezoning):	\$	<u>(135,551,500)</u>
