WATERWORKS CONSTRUCTION PERMIT

Permit No.: 300510 Effective Date: January 29, 2010 Expiration Date: January 29, 2015

Issued to:

City of Chesapeake
306 Cedar Road
Chesapeake, VA 23320

ATTN: Mr. James K. Walski, P.E.

Plans and specifications for modifications to the City of Chesapeake Northwest River community waterworks located in the city of Chesapeake as prepared by URS Corporation have been reviewed by this Office. The plans entitled "Battlefield Golf Club Water Project Murray Drive & Whittamore Road for City of Chesapeake, Virginia, Department of Public Utilities" are dated October 2009 and include sheet numbers T-1 through T-5, C-1 through C-13 and D-1 through D-4. The specifications entitled "Battlefield Golf Club Water Project Murray Drive & Whittamore Road Contract Documents and Special Provisions" are dated October 2009.

The project consists of the installation of approximately 7,140 feet of 10-inch diameter and 6,750 feet of 8-inch diameter water mains to serve the residents along Murray Drive and Whittamore Road to provide fire and domestic water service.

These plans and specifications are technically adequate and are approved by this Office, in accordance with Commonwealth of Virginia *Waterworks Regulations*, §12 VAC 5-590-220. One copy of each of these documents has been stamped approved and is enclosed. This approval does not suspend, minimize, or otherwise alter the waterworks obligation to comply with federal, state, or local laws and regulations or permits.

Water - City
(Battlefield Golf Club Water Project
Whittamore Road and Murray Drive)

This Waterworks Construction Permit is issued in accordance with § 12 VAC 5-590-230 of the *Waterworks Regulations*. This is your authorization from the State Health Commissioner to construct modifications to the subject waterworks in accordance with the approved documents. Any deviations from the approved documents affecting capacity, hydraulic conditions, operating units, the functioning of the treatment processes, or the water quality delivered, must be approved by this Office before any such changes are made. Revised plans and specifications shall be submitted to this office in time to permit review and approval before construction.

Upon completion of construction, the owner shall submit a statement signed by a professional engineer licensed in Virginia certifying that the work was completed in accordance with the approved documents.

Upon receipt of this statement and satisfactory results of the bacteriological analyses, the project may be put into service. If we can be of additional assistance, please contact Ms. Renée S. Hall, District Engineer at (757) 683-2000, ext. 113.

Sincerely,

~~ORIGINAL SIGNED BY DANIEL B. HORNE~~
