Dear Mr. ^{Dave}Rives:

As you are aware, the City of Chesapeake has retained engineering firm of Camp Drescher and McKee ("CDM") to perform an independent study of the Battlefield Golf Course. CDM has brought to our attention that when Dominion provided the original 2001 URS report "Ash Stabilization, Groundwater Modeling & Risk Evaluation," to the City on September 19, 2008, Appendix D entitled "HELP Model Simulations" was not included.

We have been asked by CDM to request this document which they deem important to their work.

Please provide the requested document at your earliest opportunity so we may provide to CDM.

Sincerely,

William E. Harrell
City Manager
