

DEVELOPMENT ADVISORY 60

October 8, 2021

Public Hearing Continuance Fee Changes

The City of Chesapeake Planning Department protocol for Public Hearing Continuances is being revised to conform with those of the City Council starting January 1, 2022.

The revised protocol applies to all continuances for the Planning Commission, and the Chesapeake Bay Preservation Area Board. Every application will be advertised for each date that the application is continued. Each advertisement will generate an additional advertising fee, and the additional advertising fee will be the responsibility of the applicant and will be payable to the Planning Department.

The inclusion of additional advertising is consistent with City Council policy requiring additional advertising regarding continuances.

Any questions or concerns regarding this advisory should be directed to Gil Bostwick, at 382-6176 or gbostwick@cityofchesapeake.net.
