

DISEASE MANAGEMENT

Diabetes Management Program

The Optima Health Diabetes Management program provides you with information to help keep your diabetes under the best possible control. Members are encouraged to work with their physician to develop and stick with a treatment plan.

If you have been diagnosed with diabetes and are the primary subscriber, covered spouse, or dependent enrolled with Optima Health through a City of Chesapeake medical plan, you may be eligible to earn incentives by participating in the program. In addition, diabetic supplies are covered at 100% (see Summary of Benefits for details).

By successfully completing the medical participation criteria below, you may be eligible to earn up to \$300 in incentives.

This program begins on January 1, 2021 and ends on December 20, 2021. Employees, covered spouses, and dependents enrolling in the program after September 30, 2021 will be accepted, but will not be able to complete the program in its entirety and will not receive the incentive.

To get started, call 1-866-503-2730 or email mylifemyplanrewards@sentara.com

All incentives earned will be credited to the employee's [HealthEquity](#) account (please see reverse side for more info). Incentive dollars may be used on copayments, coinsurance, deductibles (if applicable), and covered prescriptions, services, and supplies.

Incentive Money Payout Schedule	
Earn by Date	Payout Date
March 31	April
June 30	July
September 30	October
December 20	January

Note: Members will be assigned a Care Manager to assist them with this program. Your Care Manager will help you with any and all disease states that you have. Your Care Manager can assist you with any questions you may have regarding the incentive program and your condition. All criteria must be met in order to receive the incentive payment.

Medical Participation Criteria

Currently in active treatment with physician for diabetes

Visit with physician at least once a year

Obtain twice yearly A1c testing

Obtain annual urine microalbumin and LDL cholesterol testing, a dilated eye exam, and annual foot exams

Development of a diabetes management plan and an appropriate nutrition and activity plan

Compliance with prescribed diabetes medication (i.e., taking medicine as prescribed and getting refills on time)

Total Potential Incentive \$300.00

Information for Employees Enrolled in a Health Savings Account

Employees enrolled in the Consumer Driven Health Plan and Health Savings Account must report incentive money earned on their W2, to be processed through the City of Chesapeake Finance Department.

Incentive money earned by employees enrolled in the HMO, POS, or PPO health plan is processed through a healthcare debit card and does not need to be reported on the employee's W2.
