We ask for your patience as we continue our phased reopening of more programs and offerings. Reopening decisions will be based, first and foremost, on assuring the maximum degree of safety for our patrons and our staff members. We take into account the Governor’s guidelines as well as those for the City, the CDC, and the Chesapeake Health Department along with input from the parks and recreation industry. Among the factors involved are facility/amenity size, current programming and number of participants, cleaning standards, and so forth. For all Parks, Recreation and Tourism updates, please check the [Parks, Recreation and Tourism Facebook page](#), our [COVID-related Information and Updates website page](#), or by calling 757-382-6411.
