DOMINION BOULEVARD FINAL BRIDGE SPANS OPENING

AFFECTED AREA: Dominion Boulevard between Grassfield Pkwy and I-64/464

DATES: Saturday, October 29 through Monday, October 31

INFORMATION: The final two bridge spans on Dominion Blvd (at Cedar Rd and the Veterans Bridge) are scheduled to open this weekend. In addition to opening the spans, crews will reconfigure ramps and traffic signals for the final layout. All four lanes from Grassfield Pkwy to the interstate are expected to be open on Monday, October 31. The multi-use path on the southbound span of the Veterans Bridge will not be open for another 1-2 weeks.

Once all four lanes are open on Monday, October 31, a toll system testing period of approximately 30 days will begin. **No tolls will be collected during this time.** As we approach the end of the testing period we will announce the tolling start date. Motorists are encouraged to use this time to get their E-ZPass to take advantage of the lowest rates once tolling begins. Passenger vehicles rates will start at \$1 with an E-ZPass and \$3 without an E-ZPass.

For more information on the Dominion Boulevard Improvement Project, the multi-year toll schedule and how to get an E-ZPass, visit www.DominionBoulevard.com.
