# Grand Opening!

## of the New South Norfolk Jordan Bridge

An exciting grand opening celebration tentatively planned for Saturday, July 14th featuring a 5k Run/Walk/Bike event, Ribbon Cutting, Food, Family Activities and Fireworks!

# Payment Methods

E-ZPass is a convenient electronic toll collection method that keeps traffic moving and prevents congestion.

Drivers register their vehicle and place a transponder in their car which is scanned when passing under the tolling station.

Transponders are valid for travel in 14 states and can be securely linked to the driver's credit card for automatic payment processing.

To register for an E-ZPass account

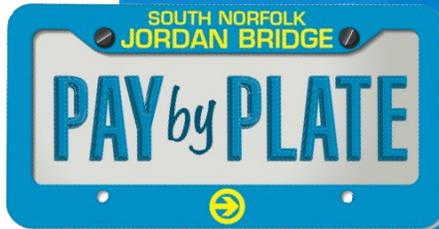

visit - [www.ezpassva.com](http://www.ezpassva.com)

or call 1.877.762.7824

On-site locations soon to be available.

# Payment Methods

The SNJB also offers a "Pay by Plate" program where an image of your license plate is captured with our video camera system.

Pay by Plate customers register securely at [www.SNJB.net](http://www.SNJB.net) and are invoiced directly for their toll fees on a monthly basis.

The SNJB Pay by Plate Program is only valid at this one facility.

An administrative fee of \$1.00 is charged in addition to each toll fee.

To register for "Pay by Plate"

visit - [www.SNJB.net](http://www.SNJB.net)

or call 757-545-3444

# Payment Methods

## Unregistered Vehicles

Travelers who do not have either an E-ZPass account or a registered Pay-By-Plate account are considered an unregistered vehicle.

An image of the unregistered vehicles license plate is captured with a video camera system and an invoice is mailed to you within 30 days .

An administrative fee of \$2.00 is charged in addition to each travel fee for unregistered vehicles.

Unregistered vehicles will have an opportunity to register for an E-ZPass or Pay by Plate account when they first use the facility.

# Travel Rates (in effect from July 2012)

## VEHICLE TYPE

## UNREGISTERED VEHICLE

Passenger Vehicles  
(2 axles)

\$2.00

\$3.00

\$4.00

3 axles

\$3.00

\$4.00

\$5.00

4 axles

\$4.00

\$5.00

\$6.00

5 or more axles

\$5.00

\$6.00

\$7.00

# Truck Rates (During Commuting Hours)

"Higher rates for trucks are assessed during hours cars are commuting "  
Trucks have lower rates during hours people are not commuting.  
A friendly route for commuters and great for truckers too!

## VEHICLE TYPE

## UNREGISTERED VEHICLE

Passenger Vehicles  
(2 axles)

\$2.00

\$3.00

\$4.00

3 axles

\$5.00

\$6.00

\$7.00

4 axles

\$6.00

\$7.00

\$8.00

5 or more axles

\$7.00

\$8.00

\$9.00

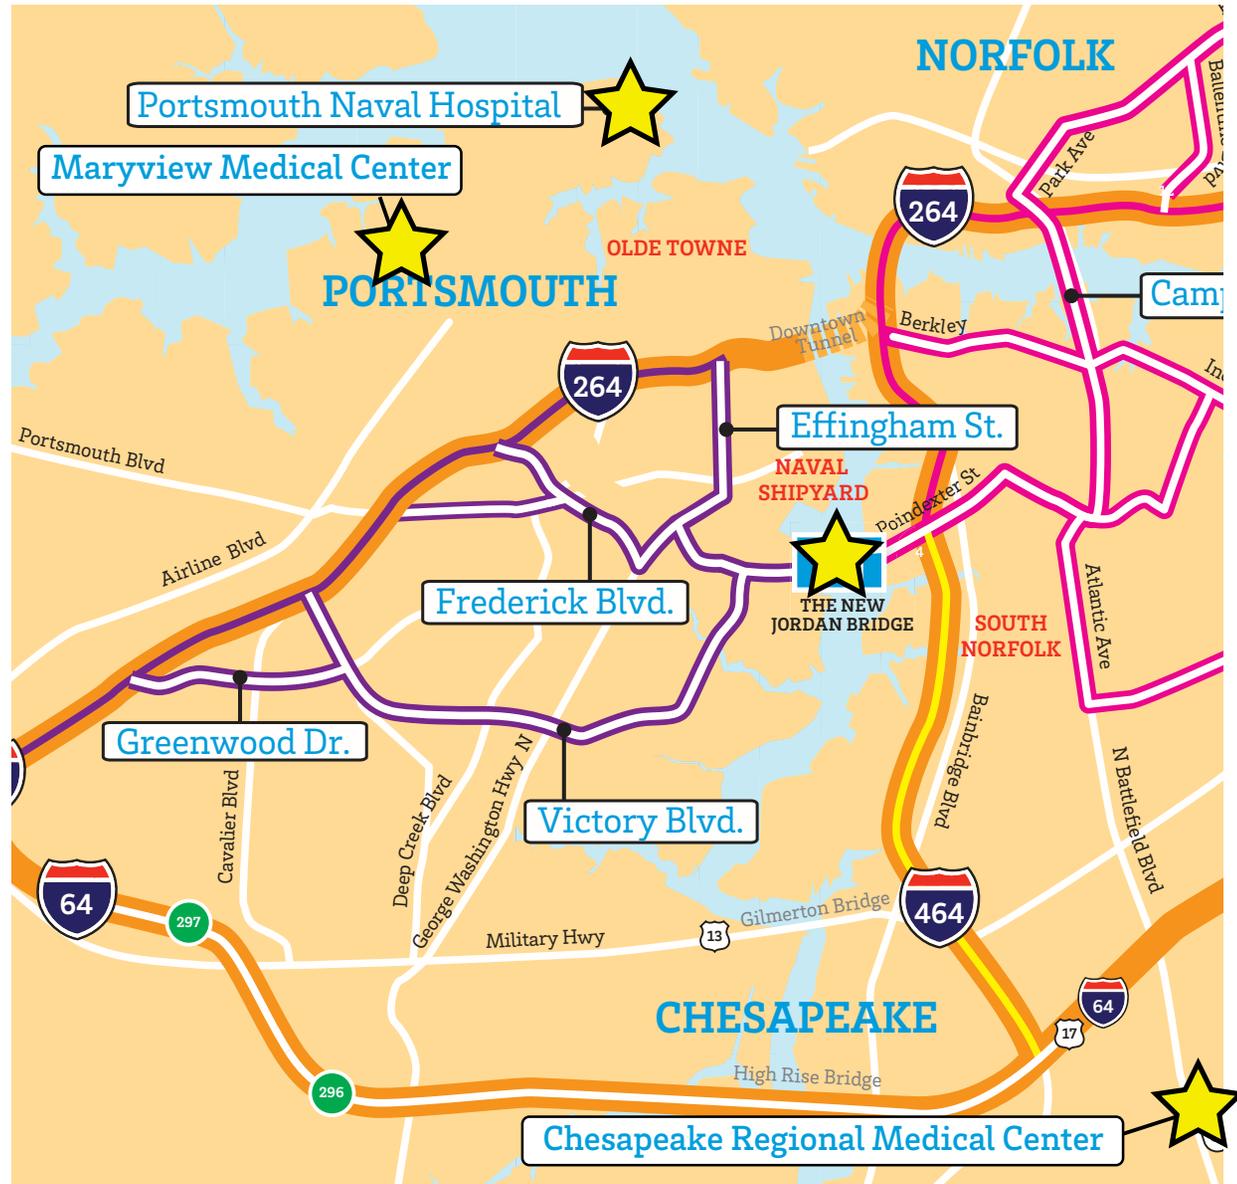

Commuting Hours are 5:30 - 9:00 am / 2:30 - 7:00 pm, Monday through Friday.  
During Commuting Hours, vehicles with 3 or more axles are subject to a \$2.00 surcharge which is reflected in the pricing schedule above.

# Benefits of New Bridge

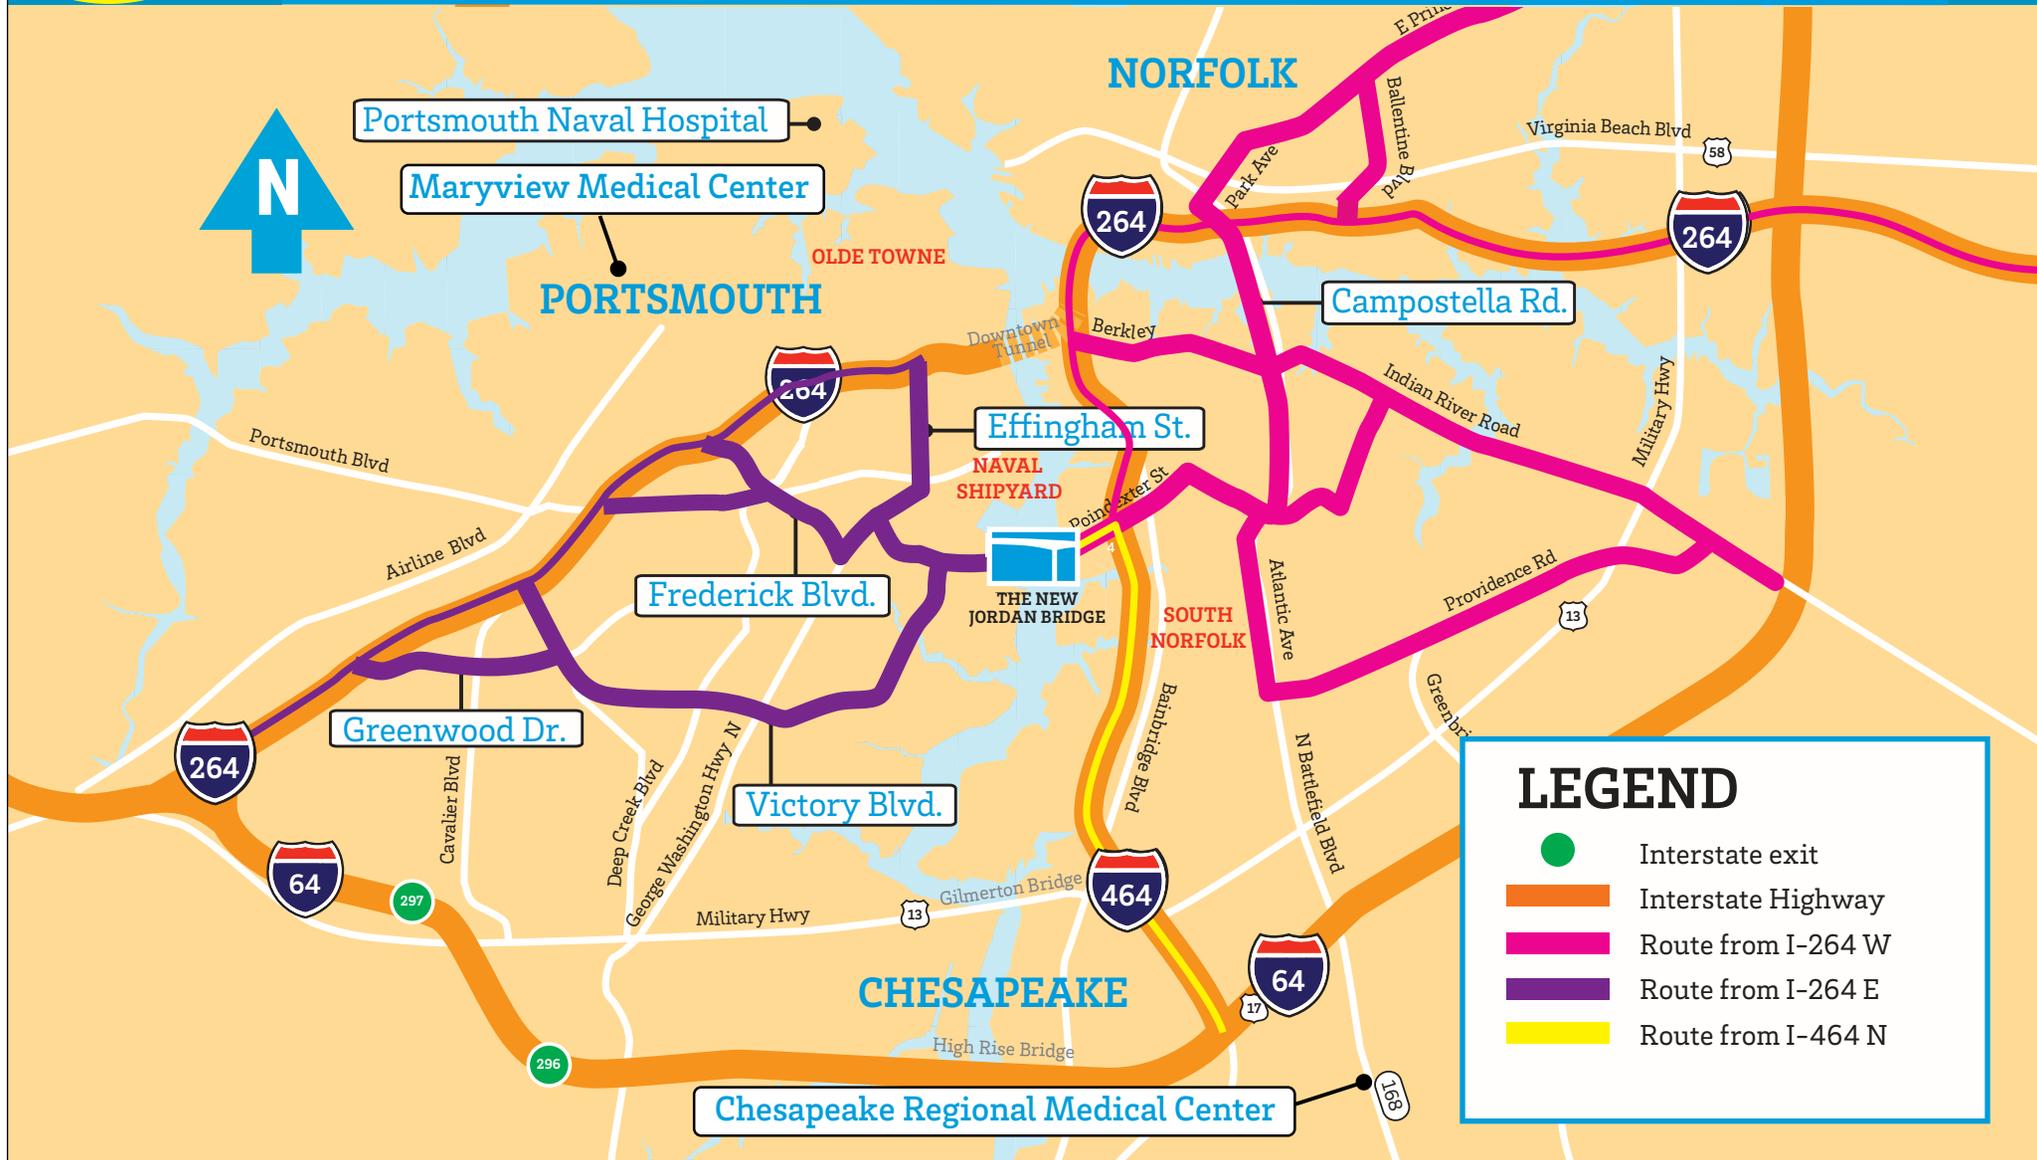

## Public Safety

Emergency Medical Services, Fire, and Police responding to help people in need travel FREE!

it's the **SHORTCUT** you've longed for.  
take the SOUTH NORFOLK **JORDAN BRIDGE**  
wherever you want to go!

# A Community Bridge

## Shorter Commutes = Big, Big, Savings

Join the new Bridge Benefits Program and enjoy great discounts at area restaurants, retailers, entertainment and more.

It's 100% free to E-ZPass and "Pay-By-Plate" account holders. The more you use the bridge, the more perks you'll enjoy.

Visit [www.SNJB.net](http://www.SNJB.net) and enroll online today!

# Benefits of New Bridge

## Convenience

**Fixed – High Level Bridge Keeps River, Vehicle and Pedestrian traffic moving. No lifts. No railroad crossings.**

**Electronic Open Road Tolling means No Toll Plaza to cause traffic congestion.**

**Truck Access Restored with No height/weight restrictions.**

**Provides free pedestrian and bike crossing that supports future community trail system.**

**Relieves Traffic Congestion on other local routes.**

# Benefits of New Bridge

## Funding

**100% Privately Funded with No Local, State or Federal tax dollars. All Private American Investor funds.**

**Maintained and Operated Privately.**

**No operating costs and liability from the City of Chesapeake.**

# Benefits of New Bridge

## Environment

**Save Gas and Improve Air Quality.  
This is a benefit of free flowing traffic.**

**Eco-friendly Bridge with low energy LED lighting.**

**Traffic barrier coating technology that cleans  
pollution from the air.**

**Free flowing traffic with open road tolling system improves  
air quality by reducing vehicle exhaust.**
