

HAULING OR MOVING PERMIT
OVERWEIGHT RESTRICTIONS

July 21, 2020

Weight restrictions on the following and all other bridges and structures are subject to changes, additions and deletions without notice. The permittee and the operator of any vehicle stated on this or any other permit shall be responsible not to exceed the posted weight restriction or maximum legal weight of the vehicle, whichever is the lesser, of any posted bridge or structure to be crossed. The weight restriction posted at any bridge or structure shall be the maximum weight permitted for that type of vehicle and shall take preference over any other stated or implied restriction on this permit or any other overload permit for that bridge or structure. However, no vehicle shall exceed the maximum legal weight if lesser than that posted.

OVERWEIGHT LOADS ARE RESTRICTED AS INDICATED:

I. Weight restrictions are posted at the following locations:

<u>Route 17 (George Washington Hwy)</u> drawbridge over the George Washington Canal between Old Mill Road and Hinton Ave. (Army Corps. Eng.)	Tons	Pounds
