DEVELOPMENT INFORMATION (continued)

Applicants must provide the following information on 8½ " x 11" size paper, numbered according to the questions in this section. Please restate the questions with your answers. All parts of the development information must be completed for all PUD Creation/Modifications unless otherwise noted.

NATURE OF PROPOSED DEVELOPMENT

1. a. Describe the nature of the use or uses proposed for the subject property under the proposed PUD Creation/Modification.
- b. Describe the planned development, including the total number of residential units, total square feet of office, commercial, and industrial uses. Provide a residential population projection and/or increased number of workers.
- c. Compare the used permitted under the existing zoning classification with the uses permitted under the proposed PUD Creation/Modification.
- d. Complete the Residential or Nonresidential Development Profile tables.

TRAFFIC IMPACT (To be Completed by Agent or Consultant)

2. a. Identify the roads or streets abutting the subject property.
- b. Indicate if the proposed PUD Creation/Modification is **exempt** from the Level of Service (LOS) test for Adequate Road Facilities based on the following criteria:
 - The proposed PUD Creation/Modification will not allow for the creation of more than five (5) lots for single-family dwellings.
 - The proposed PUD Creation/Modification will not generate more traffic than would be generated by potential future development under the existing zoning.
 - The proposed PUD Creation/Modification will not increase the traffic by more than fifty (50) total vehicle trips per day, as determined by the Director of Public Works or designee, than could be generated under the existing zoning.
 - Is the proposed PUD Creation/Modification exempt from the LOS test for Adequate Road Facilities? Include all supporting information.
 - Yes No If no, additional traffic information may be required. Contact Traffic Engineering **prior to** any traffic data collection or analysis, to determine the extent of information needed for the LOS test for Adequate Road Facilities and to determine whether a Traffic Impact Analysis (TIA) is required.

DEVELOPMENT INFORMATION (continued)

DRAINAGE IMPACT ANALYSIS (DIA)

3. The applicant shall address potential drainage impact issues, including how the proposed development will accommodate drainage impacts on the proposed site and surrounding upstream and downstream properties.
 - a. How will this project address increase in stormwater runoff as a result of development? Please note although the post-development peak flow is less than pre-developed, the increase of volume must be addressed in areas with existing deficiencies.
 - b. What steps will be taken to ensure adequacy of the receiving facility (off-site dynamic drainage analysis of watershed, improvements, etc.)?
 - c. Address whether the project will be required to provide for water quantity and/or water quality of stormwater runoff.
 - d. What off-site easements and/or improvements are required? What steps have been taken to ensure that these easements can be obtained and that improvements can be constructed?
 - e. Address the current adequacy of the existing drainage receiving facility.
 - f. Is this development subject to tidal impacts? How will the tides associated with a hurricane or northeaster affect the drainage system?
 - g. What steps have been taken to ensure no property damage will result from a 100-year tidal or rainfall event?

WATER AND SEWER IMPACT

4.
 - a. State whether, and in what respect, adequate water and sewer services exist or can be provided to serve the uses that would be permitted if the property were rezoned.
 - b. If septic tanks and private wells are proposed, provide a soil analysis for the subject property and documentation from the Chesapeake Health Department approving the site for septic tank use.

FIRE PROTECTION

5. State whether and explain in what respect adequate fire protection services exist or can be provided to serve the uses that would be permitted if the property were rezoned.

DEVELOPMENT INFORMATION (continued)

CONSISTENCY WITH THE COMPREHENSIVE PLAN

6. In what respect is the proposed PUD Creation/Modification consistent with the Chesapeake Comprehensive Plan?

CHANGED CONDITIONS AND ERRORS

7. In what respect are there any changed or changing conditions in the area that make the proposed PUD Creation/Modification necessary?
8. In what respect will the proposed PUD Creation/Modification correct an error in the application of the Chesapeake Zoning Ordinance as applied to the subject property?

COMPATIBILITY OF USES WITH EXISTING USES

9. In what respect is the range of uses in the proposed PUD Creation/Modification compatible with the uses permitted on other property in the immediate vicinity?

EXISTENCE OF A VIABLE ECONOMIC USE

10. State and explain whether a reasonably viable economic use of the subject property exists under the current zoning classification.

CHESAPEAKE BAY PRESERVATION AREA

11. Is the property is located within the Chesapeake Bay Preservation Area?
- No Yes If yes, provide a map of the property showing topographic information that includes elevations and contours in accordance with Section 16-102.B.12.b of the Zoning Ordinance.

ENVIRONMENTAL SITE ASSESSMENT

12. Will the application involve land disturbance for residential, assembly, day care, group home, recreation, school, library, or similar land use?
- No Yes If yes, submit an Environment Site Assessment meeting the requirements of the Chesapeake Public Facilities Manual.

Additional information may be required by the reviewing departments, Planning Commission, or by City Council in order for the application to be fully and appropriately reviewed.

Notwithstanding such criteria, the Planning Director, the Planning Commission, or the City Council may at any time during the review process find that essential information is lacking and may deem the application incomplete and defer further review or action until such time that such information is provided.

PUD CREATION – ADDITIONAL REQUIREMENTS

The following additional information shall be submitted for a PUD Creation application:

1. A written statement generally describing the proposed PUD, the market which it is intended to serve, and its relationship to the Chesapeake Comprehensive Plan.
2. Community Impact Statement which describes the probable effect of the proposed development upon the community. At a minimum, it shall address the following:
 - a. Adequacy of existing public facilities and services to serve the development. Analysis shall be made of sewer, water, schools, fire stations and other major locally financed facilities.
 - b. Additional on-site and off-site public facilities or services which would be required as a result of the development.
 - c. A traffic and transit impact analysis indicating the relationship of the proposed development to traffic, road, and transit use and plans in the immediately surrounding area.
 - d. A drainage impact assessment, listing potential drainage impact issues arising from the development. Submit a conceptual drainage assessment, for Public Works review, to address how you will ensure that this development will not create detrimental drainage impacts on the proposed site, surrounding upstream and downstream properties.
 - e. Fiscal Impact Analysis of the proposed development, such as estimated tax revenues to be generated versus the cost of public improvements to be financed by the City or the State.
 - f. Impact of construction and permanent changes in land use upon surrounding property, such as aesthetics, vegetation, storm water management, noise, air, and water pollution.
 - g. Employment opportunities to be generated by the development.
3. Evidence that the applicant has sufficient control over the subject property to effectuate the proposed PUD, including a statement of legal, beneficial, tenancy and contractual interests held in or affecting the subject property and including a current certificate of abstract title or commitment of title insurance.

MASTER DEVELOPMENT PLAN REQUIRED SUBMITTALS

The Master Development Plan shall consist of a drawing and development criteria in narrative format. The proposed Master Development Plan shall include the following:

Drawing:

1. A general land use plan prepared by a licensed surveyor, engineer, architect, landscape architect, or planner utilizing a scale so that the entire parcel can be shown on one piece of paper no larger than 30 inches by 40 inches; however, in no case shall the scale be less than one inch equals 800 feet. The general land use plan shall include, but not be limited to, a description of the type, location and nature of land use within each area of the development, including intensity of use;
2. A proposed traffic circulation concept which illustrates both arterial and internal collector streets related to the development, including proposed right-of-way;
3. A generalized layout and description of water and sewer service, schools, fire protection, recreation, and similar essential services proposed for the planned unit development;
4. A delineation and description of the minimum open space areas, including any perimeter and buffer areas;
5. A tabulation of the following information:
 - a. The total number of dwelling units proposed by type of structure;
 - b. The total square feet of building floor area for nonresidential uses by general type;
 - c. The total land area, expressed in acres and a percent of the total development area, proposed to be devoted to residential and non-residential uses by type of use, and open space;

Development Criteria in Narrative Format:

1. Nature, type, and location of land use within each area of development, including intensity of use. Intensity of use may be regulated:
 - a. For nonresidential development the intensity of development may be regulated:
 - (1) by specifying the maximum square footage or gross leasable area,
 - (2) by specifying setbacks, height and bulk restrictions, or
 - (3) by a combination of such restrictions for the project. In addition, nonresidential PUD plans may specify performance standards to be imposed on the project and restrictions regarding location and nature of industrial, commercial, and other nonresidential activities.

MASTER DEVELOPMENT PLAN REQUIRED SUBMITTALS (continued)

- b. For residential development, the intensity of development may be regulated:
 - (1) By specifying the number of dwelling units per acre,
 - (2) by specifying setbacks, height and bulk restrictions, or
 - (3) by a combination of such restrictions for the project as a whole or for components of subareas within the project. In addition, residential PUD's plans may specify performance standards to be imposed on the project and restrictions regarding location and nature of residential activities.
2. A description of street and streetscape design;
3. A description of water and sewer service, schools, fire protection, recreation and similar essential services;
4. A description of minimum open space areas, including any perimeter and buffer areas and improvements;
5. A general statement describing the provision that is to be made for the dedication or care and maintenance of any public or private open space or service facilities;
6. The proposed schedule of parking and loading spaces for each proposed type of land use; and
7. Bulk, area and height restrictions for the project as a whole or for subareas and/or components.
8. If the PUD is proposed for construction in phases during a period extending beyond one year, a proposed schedule of development of such phases shall be submitted stating the following:
 - a. The infrastructure improvements that will be completed with each phase of construction;
 - (1) The proposed intensity of use for each type of land use to be provided or constructed during each phase;
 - (2) The total amount of public and private open space to be provided or constructed during each phase;
 - (3) The overall chronology of development to be followed from phase to phase.
9. Architectural specifications, guidelines, review procedures, statement of architectural variety, and enforcement mechanisms for architectural review of all buildings and structures.
10. Specifications relating to landscaping and buffering requirements.

PUD MAJOR MODIFICATION - REQUIRED SUBMITTALS

The following shall be submitted for major modifications to an existing Planned Unit Development:

1. Three (3) copies of the Development Criteria clearly showing the proposed changes. Proposed deletions to the approved Development Criteria shall be shown as a strike out. Proposed additions to the approved Development Criteria shall be underlined.
2. Thirty (30) copies of the Master Development Plan drawing clearly showing the proposed change in land use designation(s). Proposed changes to the Master Development Plan shall be clearly shown on the approved Master Development Plan with the subject property highlighted and the current land use designation and proposed land use designation indicated on the approved Master Development Plan. **Also three (3) copies of the Master Development Plan reduced to 8½" x 11" paper.**
