**3. Welcome by Chairman (Scott Davis):**

Mr. Davis requested those wishing to speak to sign in. He announced that the purpose of the Public Hearing was to review the proposed toll schedule for the new South Norfolk Jordan Bridge and to provide an opportunity for any individual, association, citizen's group or governmental agency to offer comments for the project record. However, he noted that because the bridge is privately owned and operated, the final decision on the toll schedule will be made by the South Norfolk Jordan Bridge. Comments on the Dominion Boulevard/Steel Bridge project will be heard at the Public Hearing scheduled for June 18.

Mr. Davis turned the floor over to FIGG. Linda Figg, Jay Rohleder and Kevin Crumm gave a presentation on the South Norfolk Jordan Bridge.

Mr. Davis asked Jill Mergen if there were any speakers. Mrs. Mergen announced that there were no speakers.

Mr. Davis stated that public comments are to be received by the Transportation Toll Facilities Advisory Committee by June 11. The Transportation Toll Facilities Advisory Committee will provide a report to City Council on June 19. A Public Hearing for the Dominion Boulevard/Steel Bridge Project will be held on June 18 at 6:30 p.m. in the Council Chambers at City Hall. He also noted that the Chesapeake Transportation System is comprised of Dominion Boulevard/Steel Bridge and the Chesapeake Expressway.
