---

Project Number: **22-190**  
 Project Title: **ADA Facility Compliance**  
 Asset Type:  
 Division: **Parks, Recreation & Tourism Capital Projects**  
 Project Type: **Renovation or Rehabilitation** Budget Year: **2017**  
 Year Identified: **2015**  
 Start Date: **7/2/2014** Project Status: **Funded**  
 Est. Completion Date: Region:

---

## Description:

This project will provide for improved accessibility for citizens at public parks and recreational facilities including ball fields, shelters, playgrounds, trails, parking lots, and buildings.

## Justification:

This project will improve access to existing indoor and outdoor recreational facilities in accordance with ADA standards.

## Comments:

Non-conforming facilities built before the Americans with Disabilities Act was enacted are exempt from ADA standards. However, our objective is to improve and provide reasonable accommodations and accessibility to popular recreational facilities.

## Project Forecast

# Project Summary

Project Number: **16-190**  
 Project Title: **Athletic Field Improvements**  
 Asset Type:  
 Division: **Parks, Recreation & Tourism Capital Projects**  
 Project Type: **Renovation or Rehabilitation** Budget Year: **2017**  
 Year Identified: **2015**  
 Start Date: **7/1/2014** Project Status: **Funded**  
 Est. Completion Date: **6/30/2026** Region:

## Description:

This project will provide for repairs, enhancement, and renovation to prioritized athletic facilities citywide.

## Justification:

Upgrades and enhancements are necessary in order to maintain safe and competitive playing surfaces, to ensure reliable availability of adequate and efficient lighting for evening games and practice, fencing, irrigation, turf, and other athletic facility necessities and amenities.

## Comments:

Lights have been replaced at the Western Branch Pony and Bronco fields and the Camelot football field. Lights have been added to the Deep Creek Park multi-purpose soccer field. Currently there are plans in FY 2016 for replacement lights at two Butts Road Primary fields and one field at Chittum Elementary, concrete bleachers and scorekeeper pad at Greenbrier Athletic Complex, and relocating electrical timers at several athletic fields. Since FY 2015, the City has replaced 4 of the 27 athletic lighting systems in the City identified as poor.

## Project Forecast

Project Number: **43-200**  
 Project Title: **Ballahack Rd. Boat Ramp Area Improvement Project**  
 Asset Type:  
 Division: **Parks, Recreation & Tourism Capital Projects**  
 Project Type: Addition or Expansion      Budget Year: 2017  
 Year Identified: 2016  
 Start Date: 8/28/2015      Project Status: Funded  
 Est. Completion Date:      Region:

---

## Description:

This project will provide for the construction of rest area facilities and paving the parking lot at the Ballahack Road Boat Ramp Area, which will help achieve longstanding goals for improving visitor access to the Dismal Swamp Canal and the Great Dismal Swamp National Wildlife Refuge.

## Justification:

The Ballahack Road Boat Ramp Area Improvements will be funded by a grant awarded by the Federal Highway Administration under the Moving Ahead for Progress in the 21st Century (MAP-21) Federal Lands Access Program (FLAP). The City was awarded \$289,033 in FLAP funds to construct the rest area facility and to pave the parking lot. There is a 20% local cash match requirement (\$70,758) for the grant, which was provided from the Parks and Recreation Open Space Contributions Fund. The total project cost, including the local match, is \$359,791.

## Comments:

On July 28, 2015, City Council approved the acceptance of this grant and added this project as an amendment to the FY 2015-16 CIP Budget.

## Project Forecast

# Project Summary

Project Number: **17-210**  
 Project Title: **Chesapeake Arboretum**  
 Asset Type:  
 Division: **Parks, Recreation & Tourism Capital Projects**  
 Project Type: **Renovation or Rehabilitation** Budget Year: **2017**  
 Year Identified: **2017**  
 Start Date: **7/1/2021** Project Status: **Funded**  
 Est. Completion Date: Region:

## Description:

This project will replace all eleven (11) bridges to ensure safety for visitors as well as enhance the aesthetics of the trail system. It will also provide for repairs of the farm house floors and outside shutters that are in poor condition.

## Justification:

This project will ensure the Arboretum grounds and amenities are maintained at the level necessary to sustain high visitation. Several bridges have been torn down by the City since it took control of the operations in May 2015.

## Comments:

The Arboretum is a 48 acre property that includes a nursery, greenhouse(s), five (5) miles of hiking trails, a four (4) acre lake, and the eighteenth century Williamson family farm house. The trail system has a series of eleven (11) bridges that allow visitors to view nature, including a natural waterfall (rare for this area). The Arboretum has worked with VA Tech and Old Dominion University to provide tree identification throughout the trail system. The plant nursery provides trees for various city projects, including Arbor Day. The Arboretum was established in 1981 and was maintained primarily by volunteers with minimal City assistance. The City took over operational control of the facility in May 2015. Due to age, the site now needs upgrades and repairs. The site is in satisfactory condition, but the structures, especially the bridges and the house, require refurbishment.

## Project Forecast

# Project Summary

Project Number: **18-210**  
 Project Title: **Commonwealth/Seaboard Multi-City Rail Trail (Western Branch Rail to Trail)**  
 Asset Type:  
 Division: **Parks, Recreation & Tourism Capital Projects**  
 Project Type: Addition or Expansion      Budget Year: 2017  
 Year Identified: 2017  
 Start Date: 7/1/2016      Project Status: Funded  
 Est. Completion Date:      Region:

## Description:

This trail will make a connection between Suffolk and Portsmouth via the Western Branch Area of Chesapeake and the old Commonwealth/Seaboard rail line. This project will provide for the trail extension, which will become part of the multi-city trail system running from the Downtown Suffolk train station to the Oceanfront in Virginia Beach (approx. 44 miles).

## Justification:

This project will include paving the existing gravel trail for use as a multi-use path for the community. It will also connect to adjacent cities and be a regional bike facility for the entire area.

## Comments:

The City has received an alternative transportation program grant (federal grant). This project is still in the planning stage with on-going discussions regarding property transfer to the City. This project will require a one-time cost. This project is partially funded by the federal grant in FY 2017, with potential to be fully grant funded in future years.

## Project Forecast

Project Number: **12-200**  
 Project Title: **Conference Center Renovation**  
 Asset Type:  
 Division: **Parks, Recreation & Tourism Capital Projects**  
 Project Type: Renovation or Rehabilitation      Budget Year: 2017  
 Year Identified: 2016  
 Start Date: 7/1/2015      Project Status: Funded  
 Est. Completion Date: 6/30/2020      Region:

## Description:

This project requires coordination with VenuWorks (the private operator) for renovations and refurbishment of the Chesapeake Conference Center. Initial work will be performed over a five year period and will include phased expansion and refurbishment.

## Justification:

The Chesapeake Conference Center opened in 1997. Since that time, little work has been performed to upgrade and replace the aging infrastructure.

## Comments:

VenuWorks began managing the facility in February 2014. FY 2016 will include new signage (\$100,000), replacement of lighting/LED lighting (\$225,000), and new flooring/carpet (\$180,000). FY 2017 will include Phase I of the new storage facility (\$500,000), and replacement of HVAC (\$260,000). FY 2018 will include Phase II of storage expansion (\$500,000), replacement of Ceiling Tile and Grid (\$150,000), and replacement of doors and hardware for ballrooms (\$130,000).

## Project Forecast

# Project Summary

Project Number: **19-210**  
 Project Title: **Dismal Swamp Canal Trail - Phase III (Renovation, Restroom, Parking Lot)**  
 Asset Type:  
 Division: **Parks, Recreation & Tourism Capital Projects**  
 Project Type: Renovation or Rehabilitation Budget Year: 2017  
 Year Identified: 2017 Project Status: Funded  
 Start Date: 7/1/2016 Region:  
 Est. Completion Date: 12/1/2018

## Description:

This project will re-surface the Dismal Swamp Canal Trail (approx. 8 miles), add a restroom at the south end of the trail, pave the Ballahack Road parking area, and extend the equestrian trail from Douglas Road (current termination point) to the full length of the trail.

## Justification:

The facility needs surface patching as no repairs of the asphalt surface have occurred its 10 years of operations. Since several competitive bike and road races occur at the facility each year, a maintenance plan that prevents further degradation of the surface is necessary. This maintenance plan and the additional parking areas would complete the build-out of the DSCT and provide equal amenities at both ends of the trail. Adding parking and restroom facilities will improve user experiences. Extending the equestrian trail will provide a much needed recreational opportunity for the many equestrians that reside in Chesapeake.

## Comments:

The Dismal Swamp Trail was opened in April 2004 with a few benches, picnic tables, and road striping. It has been a huge success and is the site of the Swamp Stomp Half Marathon, Paddle for the Border, and a number of bicycle and road races. Recently, amenities were built at the north end of the trail. Phase III will re-seal the entire trail over a four year period and address needs at the southern end of the trail. The total project cost is estimated to be \$806,000. (Restroom and parking lot paving est. \$353,791. Equestrian trail extension est. \$452,000).

The City received a Federal Land Access Program (FLAP) grant. This project is partially funded by a grant in FY 2017, and may be eligible for full grant funding in the future. This project is still in the planning stage.

Project Number: **19-191**  
 Project Title: **Elizabeth River Park Fishing Pier**  
 Asset Type:  
 Division: **Parks, Recreation & Tourism Capital Projects**  
 Project Type: **Renovation or Rehabilitation**      Budget Year: **2017**  
 Year Identified: **2016**  
 Start Date: **11/15/2015**      Project Status: **Funded**  
 Est. Completion Date: **9/30/2016**      Region:

---

**Description:**

This project will provide for refurbishment of the fishing and crabbing pier at Elizabeth River Park.

**Justification:**

The current wood has cracked and split, causing the wood on the pier and railings to rot and become loose.

**Comments:**

On September 8, 2015, City Council approved accepting this grant award and adding this project as an amendment to the FY 2015-16 CIP Budget. The grant was awarded to the City from the Virginia Port Authority for \$56,250 to refurbish the fishing and crabbing pier. The total project cost is estimated to be \$75,000. This project was established as a sub-project of "Facility Improvements on Recreation Buildings" (19-190), and \$18,750 was transferred from the main project to cover costs that exceed grant funding.

**Project Forecast**

Project Number: **19-190**  
 Project Title: **Facility Improvements on Recreational Buildings**  
 Asset Type:  
 Division: **Parks, Recreation & Tourism Capital Projects**  
 Project Type: Renovation or Rehabilitation      Budget Year: 2017  
 Year Identified: 2015  
 Start Date: 7/2/2014      Project Status: Funded  
 Est. Completion Date: 6/30/2026      Region:

## Description:

This project will provide for the repair, enhancement and/or renovation of items and structures at prioritized indoor and outdoor facilities and citywide amenities such as concession buildings, scoreboards, storage units, courts, piers, docks, and buildings. The estimated costs is \$300,000 per year for fifteen years.

## Justification:

Maintenance is ongoing, but the buildings, structures, and facilities are showing their age and are in need of substantial work. Although these facilities are older, they are still heavily used and need to be maintained, repaired, renovated, and/or upgraded appropriate with City standards to meet the needs and demands of our citizens.

## Comments:

Improvements have been done to various parks for dugouts and community centers for basketball scoreboards. Improvements have also included the replacement of sheds for athletic supplies and for equestrian program, refurbishment of piers and sidewalks, renovations at Rokeby Senior Center, replacement of Portlock and Rokeby ceramic kilns, and the purchase of new amenities at Elizabeth River Park (tables, grills, fitness equipment, benches, and litter receptacles).

See also Elizabeth River Park Fishing Pier (subproject # 19-191) that was added in FY 2016, and is funded by a state grant (\$56,250) and a transfer from this project (\$18,750).

# Project Summary

Project Number:	<b>47-200</b>		
Project Title:	<b>Open Space and Recreation Funding Projects</b>		
Asset Type:			
Division:	<b>Parks, Recreation &amp; Tourism Capital Projects</b>		
Project Type:	Addition or Expansion	Budget Year:	2017
Year Identified:	2016	Project Status:	Funded
Start Date:	1/15/2016	Region:	
Est. Completion Date:	6/30/2021		

## Description:

This project will add new playgrounds at several public school and park sites, add splash parks at various parks and community centers, and begin the development of Heritage Park in accordance with the policies and regulations of the Open Space and Recreation ordinance.

## Justification:

The City is in need of additional community playgrounds that meet or exceed national standards and are fully accessible to all populations. Additionally, the City currently has no public water spray park facilities to serve the general public. These additions and improvements will meet or exceed national safety standards. Funding will also begin the development of the 293 acre Heritage Park, which is Chesapeake's second largest park parcel. This park, located in southern Chesapeake off of Battlefield Boulevard, is currently undeveloped.

## Comments:

On December 15, 2015, City Council approved an amendment to add this project to the CIP starting in FY 2016.

The Open Space and Recreation ordinance requires that all residential development provide a public park that is fully equipped. However, in some cases, the park site would be too small or the developer opts not to provide the required open space or amenities. When this occurs, the developer is required to make a payment-in-lieu of the required park. All such fees shall be used at the discretion of the City for the purpose of developing and/or improving neighborhood, community, and district parks serving such subdivision or development. The improvements must meet or exceed national safety standards. The City's Department of Parks, Recreation and Tourism has developed an Open Space Funding Master Plan for the utilization of these funds. This project will implement the FY 2016-2021 Open Space Master Plan.

Project Type:	Renovation or Rehabilitation	Budget Year:	2017
Year Identified:	2015	Project Status:	Funded
Start Date:	7/2/2014	Region:	
Est. Completion Date:	6/30/2026		

## Description:

This project will repair prioritized shelters, bridges, camp store, bulkheads, ranger stations, restrooms, playgrounds, playground surfaces, connectivity of sites, site drainage, etc. at various parks citywide. Long range planning indicates required funding of \$300,000 per year through FY 2029 (15 years).

## Justification:

Deferred maintenance and aging facilities are prioritized for replacement as they reach end-of-life or are no longer functional. Ongoing maintenance and upgrade are necessary to modernize park facilities and meet citizens needs.

## Comments:

This project will replace amenities (often original) at park sites throughout the city. Periodic replacement of park amenities is necessary to ensure safe and adequate performance. Some amenities are no longer functional or require a high degree of maintenance for continued use. Some features have been closed or demolished. Amenities requiring replacement include playgrounds, shelters, park fencing, smaller park bridges, and trails. Since June 2014, the project has: (a) renovated a bridge, bulkhead, and shelters at NWRP; (b) shelters at City Park, and Camelot; (c) playgrounds at Elizabeth River Park (ERP), Cheshire, Crestwood, Broadmoor; (d) park gates and fencing at Dismal Swamp Canal Trail, Cornland, Consolvo, McNeil, Lakeside, ERP, City Park; (e) walking path refurbishment at Oak Grove, Deep Creek, Great Bridge Locks, Battlefield; and (f) playground surface at City Park. In FY 2015, City Council approved the transfer of \$44,220 from this project to the "Battlefield Visitors Center Dock" project #26-071 (\$30,000 transfer approved on July 8, 2014. \$14,220 transfer approved on Nov. 25, 2014).

## Project Forecast

Project Number: **21-190**  
 Project Title: **Parking Lot Improvements**  
 Asset Type:  
 Division: **Parks, Recreation & Tourism Capital Projects**  
 Project Type: **Renovation or Rehabilitation**      Budget Year: **2017**  
 Year Identified: **2015**  
 Start Date: **7/2/2014**      Project Status: **Funded**  
 Est. Completion Date: **6/30/2024**      Region:

## Description:

This project will provide for parking lot restoration at recreational facilities and parks to include main ingress and egress asphalt, chip and seal coating, and permeable parking areas and pathways.

## Justification:

Deferred maintenance and aging surfaces.

## Comments:

Most parking spots will continue to be gravel. Hard surface paving is needed at points of ingress and egress and for parking areas reserved for disabled persons.

# Project Summary

---

Project Number: **13-200**  
 Project Title: **Western Branch Trail Renovation**  
 Asset Type:  
 Division: **Parks, Recreation & Tourism Capital Projects**  
 Project Type: Renovation or Rehabilitation      Budget Year: 2017  
 Year Identified: 2016  
 Start Date: 7/1/2016      Project Status: Funded  
 Est. Completion Date: 6/30/2017      Region:

---

## Description:

This project will pave approximately five (5) miles of existing grass/gravel bicycle trail on Bruce Road and Tyre Neck Road in the Western Branch section of Chesapeake. The Western Branch Trail will be built to the same standards as the Commonwealth/Seaboard Trail.

## Justification:

The current grass/gravel trail or towpath is overgrown with grass and fails to meet minimal bicycle and accessibility standards. Trail conditions generate dozens of citizen complaints every year.

## Comments:

This trail connects to a longer and more extensive trail system that will eventually run from Downtown Suffolk to the Virginia Beach Oceanfront. See also the separate grant-funded project "Commonwealth/Seaboard Multi-City Rail Trail".

## Project Forecast

Year	Total Expense	Total Revenue	Difference

Project Number: **26-070**  
 Project Title: **Great Bridge Battlefield Visitors Center (Partial)**  
 Asset Type:  
 Division: **Parks, Recreation & Tourism Capital Projects**  
 Project Type: Addition or Expansion      Budget Year: 2017  
 Year Identified: 2003  
 Start Date:      Project Status: Fully Funded  
 Est. Completion Date:      Region:

## Description:

Design a visitor center and park to commemorate the history of the Great Bridge Battlefield near the Great Bridge Bridge on Battlefield Boulevard. The Foundation along with Federal grants and City funds will fund the project.

## Justification:

This project promotes economic development and tourism within the city as well as enhancing the cultural amenities available to citizens and visitors.

## Comments:

On November 19, 2015, City Council approved an ordinance appropriating an additional \$861,000 to this project due to the base bid coming in higher than anticipated. The additional funding will be comprised of contributions by the Museum Foundation in the amount of \$258,000 and by the City in the amount of \$603,000 from Conference Center and Tourism Fund Balance.

On May 26, 2015, City Council approved an ordinance appropriating \$1 million the Foundation deposited to the escrow account for the construction of phase 1 of the visitor center. Phase 1 will consist of an approximately 8,550 sq. ft. visitor center constructed at Historic Way.
