

Job Class Code: 2405	FLSA Status: Non-exempt
Pay Basis: Salary (Annual)	EEO Category: 3

GENERAL DESCRIPTION OF CLASS

The purpose of the class is to provide computer aided drafting and design support in assigned area. The class is responsible for preparing engineering drawings and plans, creating plats, calculating quantities, and preparing documents for presentation. The class works within a general outline of work to be performed; develops work methods and sequences under general supervision.

TYPICAL TASKS	
<ul style="list-style-type: none"> • Creates engineering drawings and plans from reduced survey notes or field book notes. • Prepares various types of plats from surveys. • Creates exhibits, displays, and charts for presentation. • Calculates various quantities for engineers. • Assists the general public with project inquiries. • Performs related tasks as necessary such as running errands and assisting with the organization of engineering projects. • Performs other duties as assigned. 	

GENERAL STANDARDS	
Data Involvement	Gathers, organizes, analyzes, examines, or evaluates data or information and may prescribe action based on such data or information.
Interpersonal/People Involvement	Gives information, guidance, or assistance to people to directly facilitate task accomplishment; may give instructions or assignments to helpers or assistants.
Reasoning Requirements	Performs skilled work involving rules/systems but solves problems almost constantly.
Mathematical Requirements	Uses mathematics involving the practical application of fractions, percentages, ratios and proportions or measurements, geometric construction; may use deductive geometry, plane and solid, and rectangular coordinates.
Language Requirements	Reads technical instructions, procedures manuals, and charts to solve practical problems; composes routine and specialized reports, forms, and business letters; speaks compound sentences using normal grammar and word form.
Mental Requirements	Performs specialized technical or entry level professional work requiring general understanding of operating policies and procedures and their application to problems not previously encountered; applies specialized technical or professional principles and practices or uses a wide range of administrative methods in the solution of problems; requires normal attention with short periods of concentration for accurate results and occasional exposure to unusual pressure.
Decisions/Supervisory Control	Guides others, making frequent decisions, affecting the individual, coworkers, and others who depend on the service or product.

EDUCATION, EXPERIENCE AND SPECIAL REQUIREMENTS	
Vocational/Educational Requirement	Requires any combination of education and experience equivalent to an associate's degree in civil engineering or survey drafting using computer aided drafting and design software.
Experience	In addition to satisfying the vocational/education requirements, this class requires a minimum of one year of related, full-time equivalent experience.
Special Certifications and Licenses	None

City of Chesapeake

Class Title: Engineering CADD Tech II

Special Requirements

Employees may be expected to work hours in excess of their normally scheduled hours in response to short-term department needs and/or City-wide emergencies. Emergency operations support work and work locations may be outside of normal job duties.

AMERICANS WITH DISABILITIES ACT (ADA) REQUIREMENTS

The City of Chesapeake is an Equal Opportunity Employer. ADA requires the City to provide reasonable accommodations to qualified individuals with disabilities. Prospective and current employees are invited to discuss accommodations.

This is a class specification and not an individual position description. A class specification defines the general character and scope of duties and responsibilities of all positions in a job classification, but is not intended to describe and does not necessarily list the essential job functions for a given position in a classification.
