

SAFETY RULES AND REGULATIONS

The City is committed to providing and maintaining a safe and healthful working environment for all employees. All City employees are required to follow operating practices that safeguard themselves, fellow employees, and the public. The City complies with the requirements of the Virginia Occupational Safety and Health Act, all other safety laws, and applicable industry standards.

Your supervisor is responsible for providing the appropriate safety training. Safety procedures will be emphasized at all times. If you have any questions regarding the proper safety procedures to follow, ask your supervisor.

All City employees are responsible for knowing, understanding, and observing all applicable safety regulations and safe work practices. Employees are required to utilize the protective clothing and/or equipment required, approved, and supplied to ensure the safe performance of their work.

Should you be injured on the job, no matter how slightly, you must report the injury to your supervisor immediately. One of the best ways to avoid injuries is to initially prevent dangerous situations from occurring. Below are some suggestions for maintaining a safe working environment.
