OVERVIEW

Adoption programs promote community involvement in maintaining and beautifying our City and instill a sense of pride for parks and public spaces through volunteerism. A secondary benefit is the creation of a safe, clean, and well-maintained environment for all to enjoy! The programs encourage the participation of civic leagues and alliances, businesses, schools, churches, local service groups, sports associations, youth organizations and scout troops, etc., (hereafter referred to as “Volunteer Group”) to perform various tasks on a regularly-scheduled basis from date of signed contract through the end of the calendar year. The “special projects” are designed for Volunteer Groups that would like to perform specific work on a project-only basis (examples would be trash/litter pickup and beautification projects such as planting, mulching and weeding). Volunteer Groups may renew the agreement each calendar year.

The Parks, Recreation and Tourism Department coordinates the Adopt-A-Park and Adopt-A-Spot in a Park programs. These adoptable areas are in City of Chesapeake Parks, and around community centers and libraries. At this time, adoption of Municipal Center, Deep Creek Park, Western Branch Park, City Park, Elizabeth River Park and Oak Grove Lake Park are not permitted; as these areas are well maintained by City staff and volunteers. However, litter cleanups may still be permitted at these locations.

Adopt-A-Park allows organizations to clean an entire park, while **Adopt-A-Spot in a Park** allows for the care of a section of a park. The overall program encourages adoption of smaller, neighborhood parks.

The Public Works Department coordinates the Adopt-A-Highway, Adopt-A-Garden and Adopt-A-Drain programs. Organizations who **Adopt-A-Highway** choose a stretch of available roadway to pick up litter at a minimum of every quarter. The **Adopt-A-Garden** program is a great opportunity for landscape companies and other organizations to select a roadside or intersection garden to plant and maintain. Groups must submit a garden plan and upon approval, are advised to visit the garden monthly. Those who wish to **Adopt-A-Drain** will help keep pollution out of our waterways by monitoring storm drains and safely clearing litter and debris.

What are the requirements and the benefits?

By adopting a location, your Volunteer Group agrees to visit that area **a minimum of 4 (four) times per year** to help clean and maintain the area and make notes of any condition that requires the attention of the City maintenance staff. Through your efforts, your group helps to keep City facilities clean and maintained. It also allows City maintenance personnel more time to focus on major replacement and repair work, special events and other improvements that benefit all residents and visitors of Chesapeake. Most importantly, your Volunteer Group will be able to take pride in the fact that you will be helping to keep Chesapeake one of the most desirable places to live in the country.

What are typical tasks to be performed?

The type of cleaning and maintenance activities to be carried out can vary by location, but the following activities are generally and typically involved:

- Picking up litter
- Sweeping courts and pathways
- Collecting brush
- Weed eating, trimming
- Making minor repairs
- Clearing debris near storm drains
- Removing graffiti
- Shrubs and landscapes, mulching
- Reporting vandalism and unlawful activities
- Reporting unsafe conditions and major maintenance needs

Volunteer Groups may contact the appropriate department for trash bags, gloves, litter grabbers, safety vests, and other supplies/equipment needed to maintain an adopted location.

How will My Efforts be Recognized?

Adopting and caring for your location builds a positive image for your organization. The City of Chesapeake will have a name plate and adoption sign made identifying the Volunteer Group and erect it at the adopted area.
