

IV. PLANTERS

A. Narrative

Planters can bring another layer of aesthetic to the Village. They allow splashes of color to highlight entryways, special features, seating areas, and outdoor dining areas.

Planters add sculptural elements to the streetscape as well as the quality of seasonal change and liveliness.

B. Guidelines

1. Planter design, material and size should complement their context.
2. Plastic planters should be prohibited from use.
3. Planters should be properly sized for the plants they contain.
4. Planters may be provided by individual business owners. Each owner is responsible for the appearance and proper maintenance of the plants they contain.
5. Planters are inappropriate for trees. Only consider annuals, groundcovers, herbs, ornamental grasses, perennials and shrubs.
